CONVENTION AND TOURISM - (Staff contact: Sherry Morgan, Director, 936-564-7351)

This week Visit Nacogdoches staff hosted several tour buses all from the Houston area. We are seeing a record amount of visitors coming into the Visitor Center.

The azaleas will hit "peak" next week, but the show will not be its best due to lingering effects from the historic winter storm last year. However, many other flowers are blooming and staff is supplying visitors with plenty of other fun events and sites to see during their time here.

Staff met with the Blueberry Bluegrass Concert committee and City departments to discuss road closures and safety protocol for the event on Friday, June 10th.

Staff also met with Saffire, the new website provider for Visit Nacogdoches to discuss design, layout and branding. The new website launch is set for June/July.

ANIMAL SERVICES – (Staff contact: Theresa Jordan, Animal Services Manager, 936-560-5011)

Animal Services is clearing our big dog kennels for renovations. In order to make that happen, there will be an adoption special running from March 30 through April 8th. All fees on approved adoptions for dogs occupying our outdoor large dog run will be sponsored by the HSNC (Humane Society of Nacogdoches County). The customary low cost voucher for spay/neuter assistance on adopted animals will still be included. **Regular pricing and procedures will be in place for adoptions of cats and dogs in our small animal room kennels.**

RECREATION - (Staff contact: Joy Palmer, Recreation Supervisor, 936-559-2960)

Corporate Challenge begins next week. The events next week are Trivia, Axe Throwing and Golf. There are 7 companies competing in Corporate Challenge this year. We appreciate all of the Nacogdoches companies that joined the Corporate Challenge.

The annual How-To Festival will be held this Saturday from 9am-12:00pm in conjunction with the Farmers Market Spring Fling. Demonstrations ranging from How to work from home to How to make giant bubbles will be offered. There will be something for all ages.

Library staff took part in the Texas Broadband Development Office's virtual roundtable to discuss broadband needs of community members. Participants represented libraries, non-profits, community foundations, and the business sector.
